Would they call us fools
Surrounding the love we made
Did we make the right moves
Watching the games we played
Were we losers or winners
Call us beginners
Always thought we were alone (echoed)
We've been watched (echoed)
Who could have known (echoed)

[Chorus]

If these walls could talk (ooooh, if these walls could
talk, what would they be sayin'?)
(What would they be sayin'?)
If these walls could talk (ooooh, if these walls could
talk, what would they be sayin'?)
(What would they be sayin'?)
Maybe they're the only ones (echoed)
(Witnesses, done) Witnesses to what's been done here
Maybe someone's heart
Should be taking a walk
(Maybe we would know)
And maybe we would know
If these walls could talk

A motionless square
Echoes the way we beat
Eavesdroppers, they're closing around the heat
Either silence or crying
Something is dying
Did we mean all that we said (echoed)
Can we love outside the bed (echoed)

[Chorus]

If these walls could talk (ooooh, if these walls could
talk, what would they be sayin'?)
(What would they be sayin'?)
If these walls could talk (ooooh, if these walls could
talk, what would they be sayin'?)
(What would they be sayin'?)
Maybe they're the only ones (echoed)

(Witnesses, done) Witnesses to what's been done here
Maybe someone's heart
Should be taking a walk
(Maybe we would know)
And maybe we would know
If these walls could talk

Did we mean all that we said (echoed)
Can we love outside the bed (echoed)

[Chorus]

If these walls could talk (if these walls could talk, what
would they be sayin'?)
(What would they be sayin'?)
If these walls could talk (if, if these walls could talk,
what would they be sayin'?)
(What would they be sayin'?)
Maybe they're the only ones (echoed)
Witnesses to what's been done here (echoed)
Maybe someone's heart
Should be taking a walk
And maybe we would know (ooh, maybe we would
know)
If these walls could talk
Know if these walls could talk
Maybe we would know
Maybe we would finally know
We'd know [3 x]
Maybe we would know
Finally know [2 x]
