Come near and stand by me, baby.  
Close enough to reach out and pull you still closer,  
All that is swelling within me,  
Must be a language I've never spoken 'till there was  
you,  
I fumbled, try but I stumbled,  
Over all my heart wants to say now,

Je n'ai pas de mots,  
Nothing seems to say the way you move me,  
Rushing through me,  
Je n'ai pas de mots,  
But a promise has been made you can believe this,  
From the first kiss,  
It's good that I don't have to speak to know that it's  
real,  
Je n'ai pas de mots.

Come near and talk to me baby,  
How did you know you were,  
The dream of this dreamer,  
Oh god how I thank you for reading,  
In my heart the note I didn't even know that I wrote,  
Of what I long for,  
You gave me much more,  
Love is standing beside me,

Je n'ai pas de mots,  
Nothing seems to say the way you move me,  
Rushing through me,  
Je n'ai pas de mots,  
But a promise has been made you can believe this,  
From the first kiss,  
Je n'ai pas de mots,  
Oh! Nothing seems to say the way you move me,  
Rushing through me,  
Je n'ai pas de mots,  
But a promise has been made you can believe this,  
From the first kiss,  
It's good that I don't have to speak to know that it's  
real,

Je n'ai pas de mots,  
Je n'ai pas de mots,  
Je n'ai pas de mots.
