Some people claim you and I
Aren't the same anymore
They've been talkin'
You're walkin' around in a da~a~aze
They call me a man
Who can't concentrate anymore
They all call it infatuation
Call it a passing phase

[Chorus]
We call it love
Two connected
Hearts affected so
We call it love
Once you hold it
You won't want to let it go
We call it love (echoed)
Finally found us
Wrapped around us now
We call it love
Call it true love (echoed)

Someone calls it answer
To being alone in the night
Someone calls it a service
To buy or to sell
(Someone calls it) Someone calls it a stranger
Who's run from them all of their life
Someone calls it the key to heaven
Others a living hell (echoed)

[Chorus]
We call it love (echoed)
Two connected
Hearts affected so
We call it love
Once you hold it
You won't want to let it go (to let it go)
We call it love (echoed)
Finally found us
Wrapped around us now

We call it love
Call it true love (echoed)

[Chorus]

We call it love (echoed twice)
Two connected
Hearts affected so
We call it love (we call it)
Once you hold it
You won't want to let it go (to let it go)
We call it love (echoed)
Finally found us
Wrapped around us now
We call it love
Call it true love (echoed)

[Chorus]

We call it love
Sweet condition we've been wishin' for
We call it love (we call it)
Once you taste it you're gonna be wantin' more
(echoed)
We call it love (call it, call it)
Ain't no maybe (lo~ove)
You're my baby now
We call it love
Welcome to lo~ove
(We call it love)
No more lonely
You're my only one
We call it love (we call it)
Woah hoowoah woah woah
We call it love
