(Verse 2)

Back at it like I never left it  
You losing 'cause we always make the better effort  
We make the type of music you can never F with  
Making moves looking hella effervescent  
Back in the way I had to learn a lesson  
I wasted hella time I made the worst investment  
Saw another lane that I could earn respect and  
And now my name's an answer to a burning question  
Who's the hottest right now KOBG  
Ye we got it like wow  
All these famous people keep in touch with me  
Still none of these labels wanna fuck with me  
But I ain't tripping off that shit bro  
My shit's fly I get high I sip slow  
And Hollywood I'm dipping in that 6'4  
Riding around and I'm getting it if you didn't know

Own in my zone  
1 2 3 down, put it down  
Own in my zone  
1 2 3 down, put it down  
Own in my zone  
1 2 3 down, put it down  
I gotta smoke some so I can calm down
