A little sister of the holding company
Her future cut short, accidental O.D.

Rock'n'roll massacre
Rock'n'roll massacre

Jumping jack flash found a watery grave
A spotlight on you, that's how you behave

Rock'n'roll massacre
Rock'n'roll massacre

In a purple haze turn to another pill
Choke on your own vomit, die in notting hill

Rock'n'roll massacre
Rock'n'roll massacre

Bible-pusher's son was alright then
For a backstreet Crawler the flight didn't end

Rock'n'roll massacre
Rock'n'roll massacre

There's no point in saying it's over
Or that we learnt our lesson well
Whose grave next to sanctify?
Remember the CHELSEA HOTEL
