I love your spikey hair, I love it when they stab,
I laugh as we do as we dare, I'll string you up by your
ankles

I want to tie you up and whip you, 'cause you're my
dream come true
Wrap you in my latex, rub my fingers over you
Darling, darling will you be mine? Will you be my funny
valentine?
When you're in your rugged bondage, _____
mania

I love your spikey hair, I love it when they stab
I laugh as we do as we dare, I'll string you up by your
ankles

Love is _____ me, I kinda think I hate you,
Love me hard(?) and dirty, let me dominate you
When you're tied and locked, unable to move from me
Leave you in your shackles, throw away the key

I love your spikey hair, I love it when they stab,
I laugh as we do as we dare, I'll string you up by your
ankles [x2]

*Love is _____ me, I kinda think I hate you,

When you're tied and locked, unable to move from me

*I love your spikey hair, I love it when they stab,
