A new inquiry
Despair Diaries
The evidence will be ignored
They operate above the law

Voice of the people, they ain't gonna listen
A million letters better left unwritten
Freedom of speech is against the law
Now we're all criminals

Another demonstration
And ruined reputations
We're on a special list
With all the terrorists

Out dated and insane
Public money down the drain
Arrogant beyond belief
Educated to deceive

The evidence will be ignored
They operate above the law
