Last night, we both said things that we regret
Things that we didn't mean
Broke up, all that we ever had
You went, said you weren't coming back

Baby please, can't you see
Back in your arms is where I want to be
Baby please, answer me
Back in your arms is where I want to be

I know, things started going wrong
And yet, my loves goes on and on
I think, that we can make it work
Ignore, all of those things you've heard

Baby please, can't you see
Back in your arms is where I want to be
Baby please, answer me
Back in your arms is where I want to be

Baby please, can't you see
I think you know I want you here with me
Baby please, set me free
I'm calling you why don't you answer me

I'll make it up, to you somehow
I only wish that things could be the same
I'll make you feel, like you used to
Why don't you take me in your arms again

Baby please, can't you see
Back in your arms is where I want to be
Baby please, answer me
Back in your arms is where I want to be

I'll make it up, to you somehow
I only wish that things could be the same
I'll make you feel, like you used to
Why don't you take me in your arms again
