see I've gotten everything  
complete for you  
turn that part way  
it's with it I found you  
here there's pillaging  
here I cart her arms  
she takes a little box  
next right to the starlight  
little kings and queens  
little kings and queens

funny geese going by  
they go through space to rule the sky  
blood is flowed  
comets soar  
throw the phone on to the volt storm  
files ending and smash point is disputed  
from what end our cause is growing up?  
some gift!  
had no voice  
had no sound  
no words to attack the ground  
for your attention

See I told you  
(see I told you)  
Who was who  
(who was who)  
And gave you  
(earthquakes on the verge)  
A world view  
(kings and queens at work)  
A world view  
(oceans hard to surf)  
To see through  
(I see that)  
How do things  
(all the time)  
Grow too few  
(like kings and queens)

a world view [3x]

(oceans hard to surf)  
(little kings and queens) [2x]  
(I see that)
