Why try - request denied

As usual - refuse you all you crave

Goin' through the motions

Circumstance, irrelevance

Everyday - another way - that we the people pay

As rights dissolve and freedom falls

Our choices stripped away

Anywhere you go and everyone you know

Is subject to decline - if you do survive

You'll get what you deserve

For all the time you served

All rights reserved / All rights reserved

All rights reserved / All rights reserved

No rights left - a possibility

Constitution - disillusion - it doesn't mean a thing

So let's drink the wine before it's time

And sing the song with you own rhyme

The rights are ours - yours and mine

Anywhere you go and everyone you know

Is subject to decline - if you do survive

You'll get what you deserve

For all the time you served

All rights reserved / All rights reserved

All rights reserved / All rights reserved

All rights reserved / All rights reserved

All rights reserved / All rights reserved
