[Lyrics & Music: Vicious Rumors]

Running the distance  
Alive for the last time  
Press on without question... without fear.. oh..  
Give to the moon-give to the sun  
We're going  
Down.. down.. down...  
Down to the temple  
Don't you know we're going down.. down.. down...  
Down to the temple...  
Down to the top see the king  
Other men of the cloth in a frenzy  
Scale the steps to forever  
Blood and body racing... oh..  
Give to the moon give to the sun  
We're going..  
Down... down.. down..  
Down to the temple  
Oh we're going down.. down... down...  
Down to the temple.. Clutch the bleeding heart!  
[Lead]  
Now I know without fear  
The end is near  
Give to the moon-give to the sun  
We're going down.. down.. down..  
Down to the temple  
Oh ohh we're going down... down.. down..  
Down to the temple  
Clutch the bleeding heart
