[Lyrics & Music: Vicious Rumors]

I'm feeling razor sharp riding on the cutting edge.  
I'm going back and forth raging like a lunatic  
I'm going to do things like never before  
Take the key and open the door  
Break the rules my will is my way  
Light my fuse I'm coming back for more  
Take the life that runs in your veins and flow!  
Don't look back. or you'll fall  
Don't slow down... no not at all...  
Hellraiser  
Look in his eyes  
Hellraiser  
Don't be surprised!  
I'm feeling energized tantalized electrified  
I'm going to find a way; live it up and take what's mine.  
And if I have to abuse and destroy  
It's ok that's most of the joy!  
Break the rules my will is my way  
Light my fuse I'm coming back for more.  
Take the life that runs in your veins and flow  
Don't look back... or you'll fall  
Don't slow down no not at all  
Hellraiser  
Look in his eyes  
Hellraiser  
Don't be surprised!  
[Lead]  
Last night, strapped in never to return  
Lost my breath around that last turn  
All that power rushing straight to my head....!  
Don't look back.. or you'll fall  
Don't slow down... no not at all!!!!  
Hellraiser  
Look in his eyes  
Hellraiser  
Don't be surprised  
Hellraiser can't find your way back  
Hellraiser it's time to attack
