

Never, The "A Walk Through The Park"

Be my valentine
We'll walk through the park
Afraid of the dark
I need you here
Say you won't leave me
Say you won't leave me

Be my valentine
Slow dance with me
What a pair
Be my valentine
Play unchained melody
Always be near

My poor valentine
We fight in the car
It's a long way home
I need you here
Say you won't leave me
Say you won't leave me

Be my valentine
Slow dance with me
What a pair
Be my valentine
Play unchained melody
Always be near

Be my valentine
Slow dance with me
What a pair
Be my valentine
Play unchained melody
Always be near
