I don't want to go inside
When the sun comes out
This loneliness is haunting me
It will never stop
I'll always dream of her
Those summer days & those summer nights

Old man winters come
To attack my summer sun
Bombs fall once more
Send my brother off to war
Think I'm losing one of my best friends
And she speaks to me
Tucks me into sleep
The comfort of her hands

I don't want to go inside
When the sun comes out
This loneliness is haunting me
It will never stop
I'll always dream of her
Those summer days & those summer nights

Summer sun returns
To attack me with sunburns
And dusk clears once more
Send my brother back from war
He's a ghost of my best friend
And she speaks to me
Tucks me into sleep
The comfort of her hands

I don't want to go inside
When the sun comes out
This loneliness is haunting me
It will never stop
I'll always dream of her
Those summer days & those summer nights

I don't want to go inside
When the sun comes out

This loneliness is haunting me
It will never stop
I'll always dream of her
Those summer days & those summer nights
