

Never, The "Cavity"

Oh anxiety
You're mine all the time
You're my one and only
You're mine all the time

And you're a cavity
You're mine all the time
Pull it out, though it hurts
It's good for me
You're mine all the time

Get it right the first time
Or you'll be alone, I say
Get it right the first time
Or you'll be alone
I must say
Get it right the first time
Or you'll be alone

You're a cavity
You're mine all the time
You're my one & only
You're mine all the time

Get it right the first time
Or you'll be alone, I say
Get there in a straight line
Or you'll be alone, I must say
Or you'll be alone, I say
And get it right the first time
Or you'll be alone, I must say
Get it right the first time
Or you'll be alone, I say
And get it right the first time
Or you'll be alone
