

Never, The "Hearts In My Eyes"

You've come & gone so fast
But we still feel what we feel
You want what won't last
But I want what's real

It's Valentines today
But you haven't found your way back
I've got hearts in my eyes
For you across the sky
I'll buy you roses of red
When the sky is blue
You love me then
And I'll love you too

You walked away from me
I am sad now
I can't see
I've got hearts in my eyes
But you make the sting
I'll buy you roses of red
When the sky is blue
You loved me then
And I'll love you too
Oh I'll love you too

I sent a letter to you
My spirit it is free
You're in a foreign land
But I've got all I need
It's Valentines today
And all I have to say is
I still love you
Oh, I love you
