

Never, The "Leaves Start To Fall"

Please always look out for me and let me know
That someone's always there
My summer sun is sinking low and I don't want to
Be here when it's goes
My summer's ending
It's ending
It's over

Cool kiss of autumn on this summer face
The rustle of the leaves can take the sting away
And I know winter's just a few more days

Leaves start to fall... All the leaves fall
And now it's fall, don't let it fall
Please always look out for me and let me know
That someone's always near
My summer sun is sinking low and I don't want to
Be here when it goes
