Cry, it's not your problem
It's not your fault
There was a man too scared to stop

This is a crime
This is a warning
To all of your friends
Who thought that life was nothing more than just a test

Do you feel safe?
Cause I'm so scared by the love that life takes
Do you feel safe?
Cause I'm so scared by the choices we make
Do you feel safe?

Dive into your memory
Can you see fear?
By which he'll close his eyes and brings the crowd to
feel
You're family's sorrow
Your mother's guilt
We'll pass in time with the ambulance

Do you feel safe?
Cause I'm so scared by the love that life takes
Do you feel safe?
Cause I'm so scared by the choices we make
Do you feel safe?

Do you feel safe?

This is a warning
This is a warning
When I'm scared
When I'm scared
Do you feel safe?
Cause I'm so scared by the love that life takes
Do you feel safe?
