"I See Things Differently"

Visit "[I See Things Differently](#)" on MotoLyrics.com

She often dances around in my head
Her thoughts and dress lay on her bed
Her painted eyes suffer blindly by my words tonight
And if I can't understand why I'm sleeping tonight then
Why do I try?

But to say how I feel
Is to learn and I won't lie
To you next time no I won't lie
To you next time

Cos I see things differently to you
Cos I see things differently to you

Oh darling come on come on come on
This is getting serious
Oh darling come on come on come on
This is getting soâ€¦!
Out of hand and I'm out of her sight
I'm being accused, yeah, I know I'm right
And when she talks her lips start to communicate
And when the ship starts to crash
And her eyes seem to laugh
I know I'm too late

But to say how I feel
Is to learn and I won't lie
To you next time no I won't lie
To you next time

Cos I see things differently to you (We can't go back)
Cos I see things differently to you (We can't go back to
you)

She says will you wait
But I wont wait
You can start this now, yeah, I'll never ask why
You can stop this now, yeah, I'll never know why
You can start this now, yeah, I'll never ask why
You can start this now

Cos I see things differently to you (We can't go back)
Cos I see things differently to you (We can't go back to
you)

Don't panic now

Well come on come on come on
Well come on come on come on
Well come on come on come on
Cos if I can't afford
Well come on come on come on
Well come on come on come on
