Bye June

I'm going to the moon

It better be by June

'Cause I'm going to the moon

So June

You'd better make it soon

I hope you make it June

'Cause I'm going to the moon

Bye June

Bye June

I'm going to the moon

I hope you make it soon

'Cause I'm waiting on this moon

Bye June

I hope you make it too

I'm wishing you're there too

I hope you make it June

Bye bye June
