You wrap your arms around  
A feeling that surrounds  
Like liquid peppermint  
Just taste the drinks that she served  
And this feeling shivers down your spine  
Love comes in colors I can't deny  
All that matters is love, love, your love  
You're sleeping in your bed  
Just rest your weary head  
Maybe you shouldn't care  
Throw away those dreams and dare  
And I wonder if it matters to me  
Love comes in colors I can't deny  
All that shimmers is love, love, your love  
Your love  
Your love
