I Love I wait I stop I hesitate I am.

I see I melt I think of me.

Is it any wonder I cant sleep.

All I have is all you gave to me.

IS it any wonder I found peace.

Through you.

Turn to the gates of heaven turn myself
around(around).

Turn away from I.

Its not enough.

Just a touch.Its not enough.

I taste.

I Love I can I bleed I love I hate Im now I was I want too
much Is it any wonder I cant sleep,all i have is all yo
gave to me is it any wonder I found peace.

Through you. Turn to the gates of heaven turn myself
around (around) turn away from I.

Its not enough. Just a touch. Its not enough. Just a touch.
Its not enough. Just a touch. Its not enough. Just a touch.
Its not enough. Just a touch. Its not enough. Just a touch
