"Farewell and Goodnight"

Visit "[Farewell and Goodnight](#)" on MotoLyrics.com

goodnight, to every little hour that you sleep tite
may it hold you through the winter of a long night
and keep you from the loneliness of yourself
heart strung is your heart frayed and empty
cause it's hard luck, when no one understands your
love
it's unsung, and i say
goodnight, my love, to every hour in every day
goodnight, always, to all that's in your heart
goodnight, may your dreams be so happy and your
head lite with the wishes of a sandman and a night
light
be careful not to let the bedbugs sleep tight nestled in
your covers
the sun shines but i don't
a silver rain will wash away
and you can tell, it's just as well
goodnight, my love, to every hour in every day
goodnight, always to all that's pure that's in your heart
