the useless drag of another day  
the endless drags of a death rock boy  
mascara sure and lipstick lost  
glitter burned by restless thoughts of being forgotten  
and in your sad machines  
you'll forever stay  
desperate and displeased-with whoever you are  
and you're a star  
somewhere-he pulls his hair down-over a frowning  
smile  
a hidden diamond you cannot find  
a secret star that cannot shine over to you  
may the king of gloom, be forever doomed  
and in your sad machines  
you'll forever stay  
burning up in speed  
lost inside the dreams, of teen machines  
the useless drags, the empty days  
the lonely towers of long mistakes  
to forgotten faces and faded loves  
sitting still was never enough

and if you're giving in, then you're giving up

cause in your sad machines

you'll forever stay

burning up in speed

lost inside the dreams, of teen machines
