welcome to nowhere fast

nothing here ever lasts

nothing but memories

of what never was

we're nowhere we're nowhere we're nowhere to be

nowhere we're nowhere we're nowhere to see

living makes me sick

so sick i wish i'd die

down in the belly of the beast

i can't lie

you're nowhere you're nowhere you're nowhere to be

nowhere you're nowhere you're nowhere to see

there's nothing left to do

there's nothing left to feel

doesn't matter what you want, so

to make yourself feel better

you make it so you'll never

give in to your forever

and live for always

and forever, forever, you're forever to be

forever, forever, you're forever to me
