She always waits for someone

Someone who'll never leave

Reveiling her decision

Her arms cover me

My couple, no one

To anyone believe

She always waits for someone

Someone, someone just like me

Jennifer

Jennifer Ever

Jennifer

Jennifer always tells me

Please don't be afraid

I just want to hold you

I only want you to stay

My couple, no one

To anyone believe

She always waits for someone

Someone, someone just like me

Jennifer

Jennifer Ever

Jennifer

Jennifer

Jennifer Ever

Jennifer

My couple, no one

To anyone believe

She always waits for someone

Someone, someone just like me

Jennifer

Jennifer Ever

Jennifer
