Horses run

once in a while for you

the shades will draw

once in a while for you

destiny will hide the sense of your time

once in a while

once in a while for you

the soldiers will fall

once in a while for you

The shades will crawl

once in a while for you

You'll take the walls

I will take the new ring

once in a while

once in a while it's you

once in a while it's you

once in a while

you'll make it on your own

you'll make it so alone

feel so alone

you'll try to care

once in a while for me

and I will be there

once in a while

once in a while for you

once in a while for you

once in a while for you
