and i stumbled onto you
as you stumbled over me
and you say the fates were cruel
for throwing us together
i always loved you so
especially when you'd go
all the world must know
all the world must know
that i loved you so
it's a pity we're apart
it's a shame you broke my heart
but i've got a new girlfriend
she looks a lot like you dear
no one could ever do dear
all the world must know
that i loved you so
especially when you'd go
especially when you'd go
especially when you'd go
away and leave me here
all the world must know
