Crank up your mind high enough to decide  
Give it to me right now, fill me in  
Forget those sick feelings deep inside  
Yeah do it now, do it now

Remember...

Lay back and raise your voice loud enough to shout  
For me to finally get what you think of this  
Come on try it baby it's not that hard  
Run away now, Run away now

Remember...

You're coming in  
You're coming in  
You'll beg for it  
You'll beg for it  
You're coming in  
You're coming in  
You'll beg for it  
You'll beg for it

It's time to stop this say goodbye to the good times  
I still bother you lost all will to give  
I will reign, I will forget the thrill  
Run away now, Run away now

Remember...

You're coming in  
You're coming in  
You'll beg for it  
You'll beg for it  
You're coming in  
You're coming in  
You'll beg for it  
You'll beg for it

Move your body, lips and eyelids  
As I lay my eyes on you,

Baby you should dance now, Baby you should dance  
now  
Remember now...

You're coming in  
You're coming in  
You'll beg for it  
You'll beg for it  
You're coming in  
You're coming in  
You'll beg for it  
You'll beg for it
