I've looked at you
I've looked at you for too long
It's all illusions, you know
It's all illusions, you know

Liberty is what I want
As you can see this is why I'm leaving
You and me this is where it goes
Baby this is why i'm leaving now

Walk away and see the world
Walk away and see the world
Walk away and see the world
And see the world

Been living here
Been living here for too long
Your very vision is strangled
Your very vision is strangled

Usual is what you want
After all this is what you're used to
Usual is what you want
Baby this is why i'm leaving now

Walk away and see the world
Walk away and see the world
Walk away and see the world
You gotta gotta gotta get some perspective
Walk away
Walk away
Walk away

It's time to stand up front and solid
Time to seek for self-allowance
Time to open up to strangeness
Time to loose this fear of fear right now

Liberty is what I want
As you can see this is why i'm leaving
You and me this is where it goes

As you can see this is why i'm leaving

Walk away and see the world

Walk away and see the world

Walk away and see the world

You gotta gotta gotta get some perspective

Walk away

Walk away

Walk away
