Maybe if I had a million dollars  
maybe if I had a brand new car  
maybe if I had some better drugs  
maybe then I'd be happy.  
Maybe if I had some new golf clubs  
maybe if I had a major label deal  
maybe if I lived somewhere else  
maybe then I'd be happy.  
I'm always changing the people  
and places just to fill up the  
empty spaces, I don't know  
maybe if I ...  
Maybe if I had a new girlfriend  
maybe if I jumped off the Golden Gate Bridge  
maybe if I got a lobotomy  
maybe then I'd feel better
