I remember the love we once had.  
Just you and me together.  
I will never forget the nights we shared in the dark.  
Things changed our lis rearranged now that were  
apart.

I feel it in my heart.  
I need you to look my eyes.  
And tell me that yoe me.  
Tell me your mine.

(CHORUS)

I need you now.  
More than before.  
Come to me girl, love me once more  
Hold me now.

Like you did once before.  
I need you.  
Loving you.  
Was so easy before the winter time came.

Now I suffer without you.  
I'll never be the same.  
My first love I never had it all.  
Enough of your time, enough to say your mine.  
I wonder why?

Why did you go.  
Questions unanswered, I need to know.

(CHORUS)

How many times do I have to ask you girl to come back  
to me.  
Why do you have to be so strong.  
Can you see what you mean to me girl.  
I will cry for you, how many tears will show you I love  
you.

I need you now.  
What's going through your head.  
If you have another man let's do as friends.

(CHORUS)

I need you I want you.  
Come on pretty baby!

(CHORUS)
