I remember the love we once had.

Just you and me together.

I will never forget the nights we shared in the dark.

Things changed our lives rearranged now that were  
apart.

I feel it in my heart.

I need you to look my eyes.

And tell me that you love me.

Tell me your name.

(CHORUS)

I need you now.

More than before.

Come to me girl, love me once more

Hold me now.

Like you did once before.

I need you.

Loving you.

Was so easy before the winter time came.

Now I suffer without you.

I'll never be the same.

My first love I never had it all.

Enough of your time, enough to say your mine.

I wonder why?

Why did you go.

Questions unanswered, I need to know.

(CHORUS)

How many times do I have to ask you girl to come back to me.

Why do you have to be so strong.

Can you see what you mean to me girl.

I will cry for you, how many tears will show you I love you.

I need you now.

What's going trough your head.

If you have another man lets do as friends.

(CHORUS)

I need you I want you.

Come on pretty baby!

(CHORUS)
