My mind can't erase the memories of you
The look in your eyes swore to me all words were true
You told me our love was meant to be
Then you walked away
Why did you leave me
You made me feel so warm inside
You never said a word of goodbye
I know that you told me nothing lasts forever
I see that your gone but I dream we're together

Chorus:

When will you come back to me
Will I be waiting long
Tell me that you care for me
Is your heart that strong
Fulfilling dreams you promised me
Just can it be
Let me hold you in my arms
From here to eternity

I tried to face another day without you
Pictures on the wall
I was so happy with you
I thought you cared by the words that you said
I once believed that our love would never end
But not I can see through the days of time
Wishing for you and you may never be mine
I count the nights if it could ever be
Will you come back my love, just tell me

Chorus (2x)

You told me many times
You lied to me
Goodbye
Can't you see that I'll never find
A love like yours, I need you to be mine
What can I do to bring you back to me
I'm hurting so badly
Can't you see
I need to know

Chorus (2x)
