V1:

Your smile is soft and easy
It can tell stories with the best
Your red shoes are dancing in my head, and you
don't even know it yet

V2:

I barely even know you
But it feels we've walked miles
I'm not scared to need you, cause I see patience in
your eyes

Chorus:

Now when I ask you for your hand girl
Know that its more than just for show
I want to be your steady confidence, till long after
we've grown old

V3:

Your stare it never wavers
And in your laugh I just get lost
Time escapes me when I'm with you
Oh and without you it just stands still
