Take Control

Lyrics: Anh Minh

Music: Sy Dan

Verse 1:

Tell me why

Do I feel like this when you come around me

I just try

To make you realize there is no

Reason why

We cannot make this right why can't I

Justify

The way I feel tonight

Pre-chorus:

I can be the one you need

Be the one you love

Show you everything you need to know and baby

I don't wanna waste no time

Just wanna make you mine

So tell me what I

Got to do to make you

Chorus:

Oh

Take control let me show you how

Let my body flow right next to you

Tell me what you really want to do

Let go...let your body take control

So

Got your chance to let me know

Ain't nobody getting in the way

Don't matter what so free your soul

Let go...let your body take control
