An original idea of Ian's, who is heard playing drums, timbales,

maracas and cowbell. Jon is playing claves. The percussion

instruments were tracked on afterwards of course. The song is

about one of Jon's nightmares. Nicky's bass line is a gas."

Chasing shadows

Over a horde with a sound of revealing

Dwarves and giants

Twenty feet tall

Fill the room with their clearing

Sounds of breathing

Sharpen my ears when they fade into nothing

Someone's laughter

Out in the street fills the night with their loving

I feel the ice in my head

Running his hands through my bed

Not even dreaming I seem to be dead

Colours of yellow and colours of red

All I'm asking

Some secret voice is to lead me to darkness

I'm so tired

Dawn never comes

I just lie in the shadows
