Cry Free - Deep Purple 1970, from CD Powerhouse

Pass your mother, lose your brother

Be a lover, too

Well all together make it better

You gotta cry free

Bridges burnin', eyes are turnin'

Now they're learnin' fools

They're gonna talk it over

While they're talkin'

You gotta cry free

Cry free

Fists are shakin', homes are breakin'

Know what's makin' blues

Oh true convictions, satisfaction

While you cry free
