Sometimes I sit and wonder

Sometimes I just sit

I hope you all know

what you're doing

anyway

who is driving this thing

Did you know

the warriors of the flat earth

Have become the tyrants of the globe

It's round about that time again

She cried

it's all for one my friends

All my dreams are forgotten

When you leave me

on the shelf

I can think of nothing better

Than to sit here by myself

Least remembered

soon forgotten

Didn't matter anyway

How can I ever miss you

if you never go away

I'm amazed by the way

how are you

I'm amazed how could you

it wasn't that good to start with

anyway

Nothings quite that simple

Did you know

the warriors of the flat earth

Have become the tyrants of the globe

it's round about that time again

She cried

it's all for one my friends

Least remembered

soon forgotten

Didn't matter anyway

How can I ever miss you

if you never go away

Sometimes I sit and wonder

Sometimes I just sit

I hope you all know

what you're doing

anyway

who is driving this thing

Least remembered

soon forgotten

Didn't matter anyway

How can I ever miss you

if you never go away
