Been so many words so much to say
Words are not enough to keep the guns at bay
Some live in fear some do not
Some gamble everything on who gets the final shot
Oh don't talk to me of love
It's obvious it's not enough
Annihilation kill them all
Capitulation watch the mighty fall
The road to glory is lined in red
And though the reason now is gone
The battle rages on
Was it love or hate that got here first
Hate's a habit it's hard to shake the curse
Kill to live and live to die
Human nature you let the strong survive
Oh don't talk to me of love
Be serious it's not enough
Annihilation kill them all
Capitulation watch the mighty fall
The road to glory is lined in red

And trough the reason now is gone

The battle rages on
