got your finger on the trigger

your cold eyes taking aim

you took a shot at my heart, let the bullets fly

tell me, has one of them got my name?

what about the heartache?

what about the emptiness inside?

it doesn't just fade away

turnin' the knife

how much can I bleed?

the cut runs deep

I can't find no salvation

can't find no healing touch

reaching out for mercy

a stranger in your eyes

I want you, want you too much

what about the heartache

what about the emptiness inside

it doesn't just fade away

turnin' the knife

how much can I bleed?

the cut runs deep
