This track was recorded live; no double tracking."

Painter

Come colour up my life

Oh painter

Come colour up my life

Take away the misery

Take away the strife

Writer

Make me up a play

Writer

Make the meaning gay

For I don't know who I am

Just gimme words to say

Singer

Let me sing a song

Singer

Let me sing a song

You don't have to worry

Cause singer you can sing along
