"You Keep On Moving"

Visit "[You Keep On Moving](#)" on MotoLyrics.com

You keep on moving
Far away, far away
You, you keep on moving
Far away, far away
Everyday wheels are turning
And the cry still returning

Dawn will soon be breaking
The day has just begun
You put your arms around me
Like a circle 'round the sun
You dance across the seasons
To a place that no one knows
Where angels fear to tread

Dawn will soon be breaking
The day has just begun
You put your arms around me
Like a circle 'round the sun
Dance across the seasons
To a place that no one knows
Where angels fear to tread

You keep on moving
Far away, far away
Everyday wheels are turning
And the cry still returning
