Ready to bolt  
at the first glimpse of failsafe  
Signing my checks  
with a name that's not mine

Clocking the hours that spin round through the tail end  
There's gold in these hills ahead  
We both had a hand in it

You and me both, kid  
You and me both, kid

Raising a flag  
at the first sign of failsafe  
Another red flag and  
we've lost half the team

I left the game  
to find you at the day's end  
There's gold in these hills ahead  
We both had a hand in it

You and me both, kid  
You and me both, kid

Ooooh  
Ooooh  
Ooooh

You and me both, kid  
You and me both, kid
