Smothering nights and flesh turn to bliss
Smothering nights that ends with a kiss
Honey when you try your best
Honey I just want to hide
Polaroids to catch what we don't know
Polaroids to let go let go

[Chorus:]
Get real can you feel?
How can I show you my world?
When it's been taken from me
Honey?

Smothering nights and flesh turn to bliss
Smothering nights that ends with a kiss
Honey when you try your best
Honey I just want to hide
Polaroids catch what we don't know
Polaroids to let go let go

[Chorus]
Get real can you feel?
How can I show you my world?
When it's been taken from me from me

Get real can you feel?
How can I show you my world?
When it's been taken from me from me
Honey?

Get real can you feel?
How can I show you my world?
When it's been taken from me from me from me
Honey?

How can I show you my world?
When it's been taken from me?
How can I show you my world my world my world..
Honey? Honey?Honey?
