Ludicrous times  
Heat waves sweet summer heat waves  
Comatose in bed  
Ragdoll existence  
Wrapped up limbs confining me  
Beautiful dreams  
Bliss around the corner  
Won't allow ourselves  
Not for us heaven is waiting  
Sunsets and infinite love  
Taunting us not for us

[Chorus:]

Wrap me up make me warm again  
Imprison me with your love  
Make me warm again  
Please become me I'm lonely in my skin  
Please become me I'm lonely in my skin  
New skin..

Ludicrous times heat waves sweet summer heat waves  
Comatose in bed ragdoll existence  
Wrapped up limbs confining me  
Beautiful dreams  
Bliss around the corner won't allow ourselves  
Not for us heaven is waiting  
Sunsets and infinite love  
Taunting us not for us

[Chorus]

I'm in the driving seat not knowing where I'm going  
And you are in the driving seat not knowing where  
you're going  
I'm in the driving seat not knowing that I'm going  
Not knowing I'm going - New Skin,  
Ludicrous times..
