Just like the last time they wondered
But did never ask
They didn't dare to ask
I don't think it will happen again
I don't think it will ever happen again

Need to end up the one who puts that smile on your
face
Need to end up the one to be so brutal
Need to end up the one who puts that smile on your
face
Need to end up the one the one the one..

I don't think it will ever happen again
No I don't think so
Just like the last time they don't dare to ask

[Chorus:]
Travel life in disguise
Picture me in this picture me with you
Just picture me and not what you see
Travel life in disguise
Picture me in this picture me with you
Just picture me and not what you see
Just like the last time

Yeah it was Christmas
And I could feel it in my bones
I am never wrong
Yeah I could feel it in my bones I am never wrong
But she is asleep what's now?
Well she is asleep

[Chorus]

More colors more sex and sounds and nicer views to
look at [x2]

(Travel life in disguise
Picture me in this picture me with you
Just picture me and not what you see)

[Chorus]

We need more colors more sex and sounds and nicer
views to look at

We need more colors more sex and sounds and nicer
views to look at
