I wanted something
Something real good
Just something
It keeps happening
Letting off some steam keeping it clean
Daytime gatherings so serene never seen
I wanted something
That would be so good
Pretend to protect pretend to forget
It keeps happening it keeps happening
Daytime gatherings so serene never seen

[Chorus:]

Somebody said a thing I don't want to hear
Someone shouted it right in my ear
Somebody said a thing I don't want to hear
Someone shouted it right in my ear

Sweettalk ... sweettalk
Right in my head ... right in my head

So I wanted something
Just wanted everything
Someone breathing only with me
In the middle of my room I did not hear from you
In the middle of my room I did not hear from you-no

[Chorus]

Well sweettalk it once was called
Sweettalk it once was called
Needs to sweeten up a bit
Is that good enough?
In the middle of my room I did not hear from you [x3]
In the middle of my room I did not hear from you - no

[Chorus]

Sweettalk it once was called [x2]
Needs to sweeten up a bit
Sweettalk it once was called [x3]

Just a little bit
Just a tiny
Just a little bit just a tiny..
