I wanted to be there to see that smile turned over
I'm aware this would not end up how you feel
I've been afraid for too long
And finally have these words
And you would hear what I have to say

Am I giving up
Cause I'm still alive
Without the problems that you were into most
Am I giving up
Cause I'm still alive
Without all the problems that you were into

Now I'm crazy all that you've avoided
No more bullet that shot her down
I asked you when you can explain
It's still the reason to why we're here
I asked you when you can explain

Am I giving up
Cause I'm still alive
Without the problems that you were into most
Am I giving up
Cause I'm still alive
Without all the problems that you were into

I wanted to give you away
Yes I wanted, wanted to give you away
Was it that easy
What's the problem now
Is to nothing more

You are the bullet that shot her down
Is it too late now
Is it too late now
It's still the reason to why we're here
I asked you when you can

I, not giving up
I, not giving up
I, not giving up

Don't wanna, don't wanna be like that
I, not giving up
I, not giving up
I, not giving up
Don't wanna, don't wanna be like that
