I don't really mean to lead you on
All I wanna do is take you home
You've got that flavor

Baby, baby you got the flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
You've got that flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
You've got that flavor

You got it and I want it
You got the flavor and I reall, really need it, girl
Let's not get fakin'
I want you to shake it
Pretty girl I don't really wanna lead you on
(I don't really mean to lead you on)
I don't wanna lead you on
(All I wanna do is take you home)
Take you home
You got that flavor

Baby, baby you got the flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
You've got that flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
You've got that flavor

Let's not get serious
Just straight to business
Because your lovin' is all I really need
My body's aching
Don't feel like waiting baby
Pretty girl I don't really wanna lead you on
(I don't really mean to lead you on)
(All I wanna do is take you home)

Take you home
You got that flavor

Baby, baby you got the flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
You've got that flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
You've got that flavor

Baby, baby you got the flavor
I really want it
Baby, baby you got the flavor
I really need it
Baby, baby you got the flavor
Baby you got that flavor

Baby, baby you got the flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
You've got that flavor

(I don't really mean to lead you on)
I don't want to lead you on
I just want to take you home
(All I wanna do is take you home)
Cause you got that flavor

Baby you got it
Baby I need it
You've got the flavor

You've got that flavor

Yo it's Donnie
Call me the playa, ya dig
Like your style, trip with a New Kid
Said she didn't want to, changed her mind
Backseat in the jeep and then I went for mine
I gotta go low real low nice and slow
Can't miss one color on the rainbow
Don't front girl you know what it's about
Take a chance, turn my taste buds out

(I don't really mean to lead you on)
I really don't baby, I really don't baby
(All I wanna do is take you home)
Take you home
You've got that flavor

Baby you got it and I need it
(You've got that flavor)
Just come a little closer baby
All I wanna say is
You've got the flavor baby
(you've got the flavor)

Baby, baby you got the flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
You've got that flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
Baby, baby you got the flavor
You've got that flavor
